

*The Scandinavian Society of Anaesthesiology
and Intensive Care Medicine*

Call for applications for the 4th Nordic Diploma Course in Advanced Pain Medicine

The series of courses start 17th of November 2008 in Stockholm

The Scandinavian Society of Anaesthesiology and Intensive Care Medicine (SSAI) coordinates an Inter-Nordic post-specialist training programme in advanced pain medicine. The programme is limited to 25 trainees, predominantly anaesthesiologists but trainees from other specialities may be considered. The training period is approximately 2 years. During the training period, 5 courses each lasting 3 days will be arranged. The courses will circulate between the Nordic countries (Sweden, Finland, Denmark, Norway and Iceland). The courses will be held in English.

During the 2-years period clinical training of a minimum of 3 months should be carried out at a university multidisciplinary pain clinic or a multidisciplinary department of palliative medicine.

Furthermore, within the 2 years the trainee should complete a project or a written paper according to further instructions. Trainees completing the 2-year's Inter-Nordic training programme will receive a diploma in advanced pain medicine from the SSAI.

All expenses for the education (the fee for each course which is DKK 6.000 plus travel and accommodation) have to be covered by the applicant's host department.

Further information may be obtained from www.ssai.info/Education/pain.html or from the Secretariat, see below.

Application form approved by the chairman of the host clinic including documented interest in pain medicine, a curriculum vitae (one original and two copies) and a statement of an appointment with a minimum of 3 months stay at a university multidisciplinary pain clinic or a department of palliative medicine should be sent to the Secretariat no later than May the 31st 2008, labelled "Pain Education".

Secretariat:

Secretary Kirsten Rye, Multidisciplinary Pain Centre 7612, Rigshospitalet, Blegdamsvej 9, DK-2100 Copenhagen Ø, Denmark.
